

The Simpler, Cleaner, Fresher Way to Hot Tub.™

The one-of-a-kind FreshWater® Salt System for Caldera® Spas creates longer-lasting, natural-feeling water with very little effort on your part. After all, your spa should take care of you, not the other way around.

freshwater™
Salt System

SIMPLER

The FreshWater Salt System sanitizes water by using a maintenance-free, disposable cartridge to generate chlorine from salt. The cartridge lasts four months and can be easily replaced in seconds without tools or dealer assistance.

CLEANER

With fewer additives needed, your water can stay clean and fresh up to a full year* before being drained and refilled. This conserves water, saves you money, and reduces time previously spent on complicated water care.

FRESHER

Using salt to generate chlorine is a much fresher way to sanitize your water. Harsh odors are virtually eliminated, and water feels softer and gentler on eyes and skin.

Available on all Utopia® and Paradise® Series spas.

*Factors such as bather load and water chemistry can impact water life. When the spa is properly maintained, a three-pack of cartridges with the FreshWater Salt System will keep water clean and fresh for up to a full year.
